

For Immediate Release

Design Group/Nimlok, a Georgia based company, recently completed three showrooms for various clients at the January market in Atlanta which was held January 6th – 14th. The Gift, Home Furnishings, and Rug market is the industry's #1 order-writing facility for gifts, home furnishings, home décor, gardens, and apparel. It is the largest permanent wholesale marketplace of its kind in the world. Design Group/Nimlok are permanent residents at the mart on the third floor of building one. "We put our satellite showroom there in order to better serve our Atlanta clients and to give us a good work place for when we're doing showrooms for other tenants in the building," says Tricia Browning Dimon, president of Design Group/Nimlok.

Design Group and Nimlok have been approved vendors at AmericasMart for over ten years and are called upon by various manufacturers and importers to advise and implement the presentation of their products to best represent them. "Sheree, Tricia, and the guys at Design Group made the decision to upgrade our space in Atlanta as painless as possible. They learned our product and were able to show it in a way that is consistent with our image. They presented renders with their ideas, and the showroom looked amazingly as it was portrayed in the renders. They were a pleasure to work with. We feel that by working with professionals rather than doing the space ourselves, we not only wrote more orders, but were able to concentrate on what we do best, which is make high quality outdoor furniture," says Debbie Young, president of Windham Castings (see attached photo). In addition to Windham, which is a Plains, GA based company, Design Group did showrooms for Jensen Jarrah Leisure Furniture of Western Australia and Regal Art and Gift of California.
